Course Outline

This package includes these courses

- Adobe Photoshop Bootcamp (18 Hours)
- Photoshop Advanced (12 Hours)
- Adobe Lightroom Classic (12 Hours)

Adobe Photoshop Bootcamp

Learn how to retouch and enhance photos, create graphics, and work with layers, masks, and filters in Adobe Photoshop. This course covers essential tools and techniques for color correction, image compositing, and preparing files for web, video, and print.

- Adjust color, brightness, and contrast to enhance photos with professional-quality edits.
- Use layers, masks, and blend modes to create seamless image composites.
- Retouch photos by removing unwanted elements and correcting imperfections.
- Master selections, cropping, and background removal for precise image editing.
- Prepare files for various formats, including web, video, and print production.
- Utilize smart filters, adjustment layers, and Camera Raw for non-destructive editing.

Photoshop Advanced

Take your Photoshop skills to the next level in this advanced Photoshop course. Learn how to make better selections (including hair), retouch skin, adjust color, use channels, use the Pen tool and work with vectors, realistically combine photos, and much more.

- Advanced color correction and masking techniques
- Learn to make complex selections (such as hair) using “Select and Mask”, channels, and more
- See useful applications of Blending Modes
- Retouch skin

- Learn the Pen tool for use in vector masks & clipping paths
- Explore Photoshop’s Generative AI features

Adobe Lightroom Classic

Learn to manage, edit, and share photos using Adobe Lightroom. This course covers everything from importing and organizing your photo library to developing images for print, web, and social media.

- Import photos directly from your camera and organize your library with folders, collections, and metadata
- Edit and develop photos using Lightroom's full range of color, tone, and adjustment tools
- Optimize images for different outputs including print, web, and social media
- Create slideshows, webpages, and books directly within Lightroom
- Publish and share your work to social media platforms from within the app
- Implement backup strategies to keep your photo library safe and recoverable
